THOMAS PRINTZ' PRIVATE BULLETIN. A BRIDGE TO FREEDOM PUBLICATION.

September 7th 1958. VOL.7. NO. 23.

Dear Hearts:

The only Reality without beginning and without end is the World of Cosmic Cause. Projection of the inner consciousness is the first activity of the Immortal Victorious Three-fold Flame, within the human heart, of God.

As the nature turns Heavenward in aspiration, finer spiritual threads are consciously drawn and mingled with the coarser grain of Earthly choice, and the attuned consciousness begins to express more and more the Godly nature of the indwelling Holy Spirit.

The Silent Watcher is the Focus of the God-Will for this Universe. His Mighty Consciousness is open to the Divine Plan of the great Universal scheme and there flows into His Consciousness every detail of God's design for the Earth and the myriad forms of life evolving upon It. These exquisite spiritual thought-forms are "The Will of God" entrusted to The Silent Watcher, Who holds them immovable, never allowing His consciousness or independent action to change the pattern of the splendor which the world of form was intended to express from the beginning.

It is, therefore, the privilege of those who are really dedicated to the service of their fellow men to open their consciousnesses and receive as much of this Divine Will as their development will hold, then, through the dedication of their energies to manifest the Divine Will, are they facets of the God-Power on Earth.

As you have been told, each one's Presence dwells in a sphere of activity determined by the amount of Light that It draws forth and dispenses. The demand is the motivating power behind the supply; so if the four outer vehicles (representing the outer consciousness) have so engaged themselves through the centuries, that, through prayer, good-works, and invocation, they have demanded the release of Light from the Presence to sustain their endeavors, then this Light has grown in intensity by reason of the demand of the outer self.

No Ascended Being Who has been entrusted with any portion of the God-Will allows His individual consciousness to deviate from that God-Intelligence which forms the impetus of His creation. He, in turn, endeavors to draw to Him certain men and women and certain creatures of the Elemental Kingdom, who have evolved beyond the masses and who desire to serve God's purpose. The God-Will of The Ascended One is then infiltrated into the outer consciousness of these pupils, who bend the energies of their lifestream to Its fulfillment; so do you find the God-Will descending from one level of consciousness to another in order to find fulfillment in the physical world of form.

Beloved children, often enter into the Silence of the Three-fold Flame within your heart and know for yourself the peace that is Its nature. In so doing the outer world can no longer impinge upon your consciousness its chaotic and malevolent emanation and you will know for yourself the spiritual impetus that seeks expression through you.

Blessings and Love,

THE MAHA CHOHAN.

Blessed Friends: You have our daily prayers and our eternal gratitude for your loving cooperation and your financial assistance, for without your aid these words of The Ascended Masters could not reach the people.
